Important Information

- This is a brief summary of benefits. Refer to your ConnectiCare Insurance Company, Inc. policy for complete details on benefits, conditions, limitations and exclusions, or consult with your benefits manager. All benefits described below are per member per Calendar year. A referral from your primary care provider is not required.
- If you have questions regarding your plan, visit our website at **www.connecticare.com** or call us at (860) 674-5757 or 1-800-251-7722.
- Many services require that you obtain our pre-certification or pre-authorization prior to obtaining care prescribed or rendered by network provider or non-participating providers. A reduction will apply if you do not obtain pre-authorization for these specified services.
- For mental health, alcohol, and substance abuse services call 1-888-946-4658 to obtain pre-authorization.
- Out-of-Network reimbursement is based on the maximum allowable amount. Members are responsible to pay any charges in excess of this amount. Please refer to your ConnectiCare Insurance Company, Inc. policy for more information.
- Your out-of-network home health services cost share is 25%. The plan deductible is waived.
- The prescription costs listed above apply when you fill a prescription at a participating pharmacy or get drugs delivered to your home. Visit **connecticare.com** to find participating pharmacies near you or for more information on home delivery. Home delivery is an optional service that could save you money.
- Under this program covered prescription drugs and supplies are put into categories (i.e., tiers) to designate how they are to be covered and the member's cost-share. The placement of a drug or supply into one of the tiers is determined by the ConnectiCare Pharmacy Services Department and approved by the ConnectiCare Pharmacy & Therapeutics Committee based on the drug's or supply's clinical effectiveness and cost, not on whether it is a generic drug or supply or brand name drug or supply.
- Certain prescription drugs and supplies require pre-authorization from us before they will be covered under the policy. You should visit our Web site at **www.connecticare.com** or call our Member Service Department at 1-800-251-7722 to find out if a prescription drug or supply requires pre-authorization.
- Generic drugs can reduce your out-of-pocket prescription costs. Generics have the same active ingredients as brand name drugs, but usually cost much less. So, ask your doctor or pharmacist if a generic alternative is available for your prescription. Also, remember to use a participating pharmacy. Most pharmacies in the United States participate in our network. To find one, visit our Web site at **www.connecticare.com** or call our Member Services Department at 1-800-251-7722.
- Most Specialty drugs are dispensed through Specialty Pharmacies by mail, up to a 30 day supply. Specialty Pharmacies have the same Member Cost Share as all other participating pharmacies and are not part of ConnectiCare's Voluntary Mail Order program. The Member Cost Share for Specialty Pharmacy is different from the Cost Share for ConnectiCare's Mail Order program.
