To find out which services are right for you, ask your doctor. Schedule your free annual checkup today, and **don't forget to bring this reference guide to your next appointment!**

www.connecticare.com

In order to qualify, all services are subject to physician specialty, procedure code and diagnostic code requirements, frequency limitation rules and appropriate age and gender requirements, as described by the U.S. Preventive Services Task Force A and B and HRSA guidelines. These guidelines may change from time to time. This list of preventive care services may not apply to "grandfathered" health plans – any group or individual health plan that was in effect on March 23, 2010, the date of Health Care Reform enactment. Contact your health benefits administrator or ConnectiCare member services (1-800-251-7722) with any questions.
